

Volunteer Role: Graphic Designer (Branding & Website Support)

Organisation: GARAS (Gloucestershire Action for Refugees and Asylum Seekers)

Overview

GARAS is looking for a creative and passionate volunteer Graphic Designer to support us in refreshing our visual identity. This includes developing a new logo and helping create a cohesive design system for our website and communications. Your work will play a key role in how we present ourselves to the community, partners, and the people we support.

Key Responsibilities

- Design a new logo that reflects GARAS' values and mission
- Develop a simple, consistent visual identity (colours, fonts, style guidelines)
- Support the creation of a design system for our website
- Ensure designs are accessible and appropriate for a diverse audience, including non-English speakers
- Work collaboratively with the GARAS team to gather ideas and feedback
- Provide final design files in formats suitable for web and print

Skills & Experience

- Experience in graphic design (professional or voluntary)
- Knowledge of design tools (e.g. Adobe Creative Suite, Canva, Figma or similar)
- Understanding of branding and visual identity
- Awareness of accessibility and inclusive design is desirable
- Good communication skills and ability to take feedback on board

Time Commitment

- Flexible – we anticipate a short-term project (approx. 4–8 weeks), with agreed milestones

What You'll Gain

- Experience working with a respected local charity
- Opportunity to build your portfolio with meaningful, real-world work
- A chance to contribute to a cause supporting refugees and asylum seekers
- A reference upon completion of the project

Support Provided

- Clear brief and ongoing support from the GARAS team
- Regular check-ins and feedback sessions
- Insight into the work GARAS does within the community

How to Apply
